

What could happen if you shared your location with an ad like this?

Benefit

Apps can direct you to offers at local markets

Risks

Apps can use your data to trace your location

Location sharing can lead to online and physical privacy threats

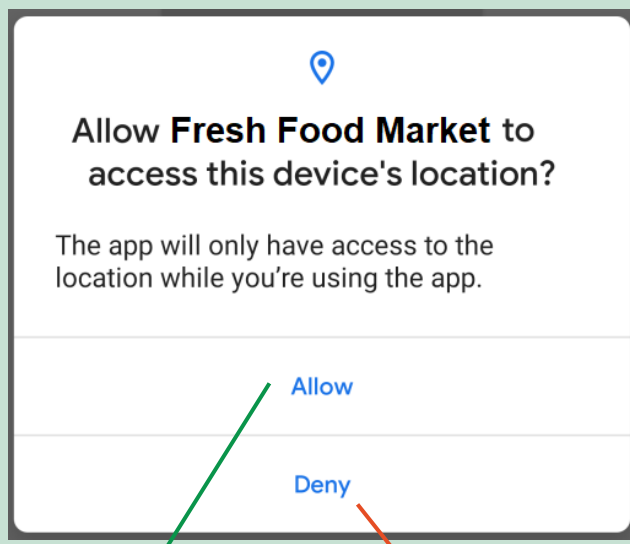

Some helpful tips:

Option 1: Decide if you want to share location

Click on --> **Enable location sharing & get directions**

If you **TRUST** the app select --> Allow

If you **do not TRUST** the app select --> Deny

If you **ignore** the ad and don't click on anything, your location will **NOT** be shared.

Option 2: Turn off location sharing for all of Facebook

Step 1

Click on **Settings**

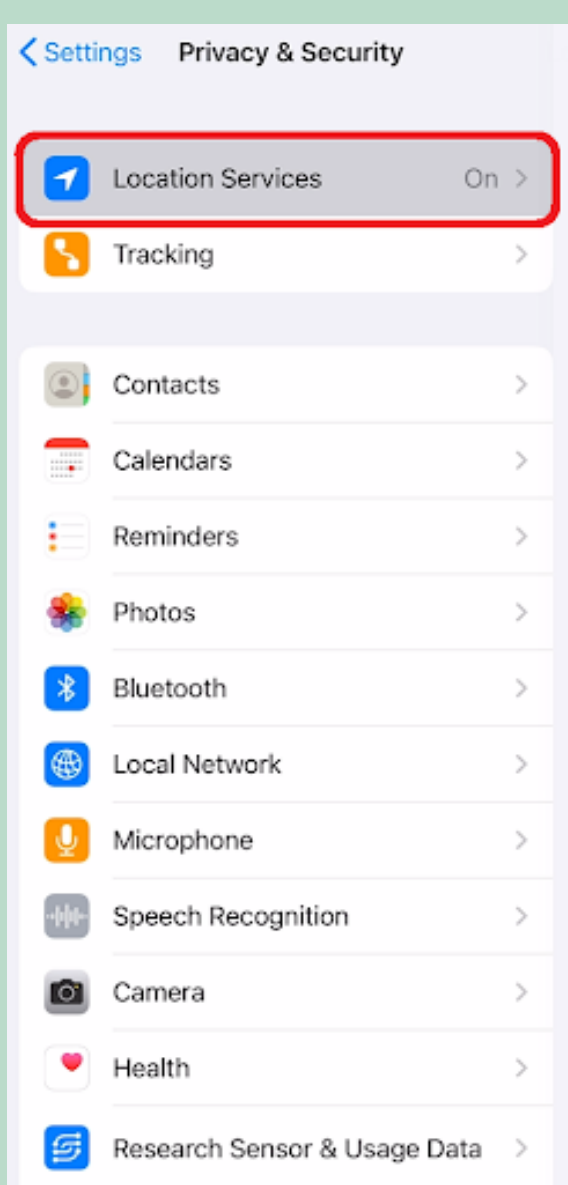

Step 2

Select **Privacy & Security**

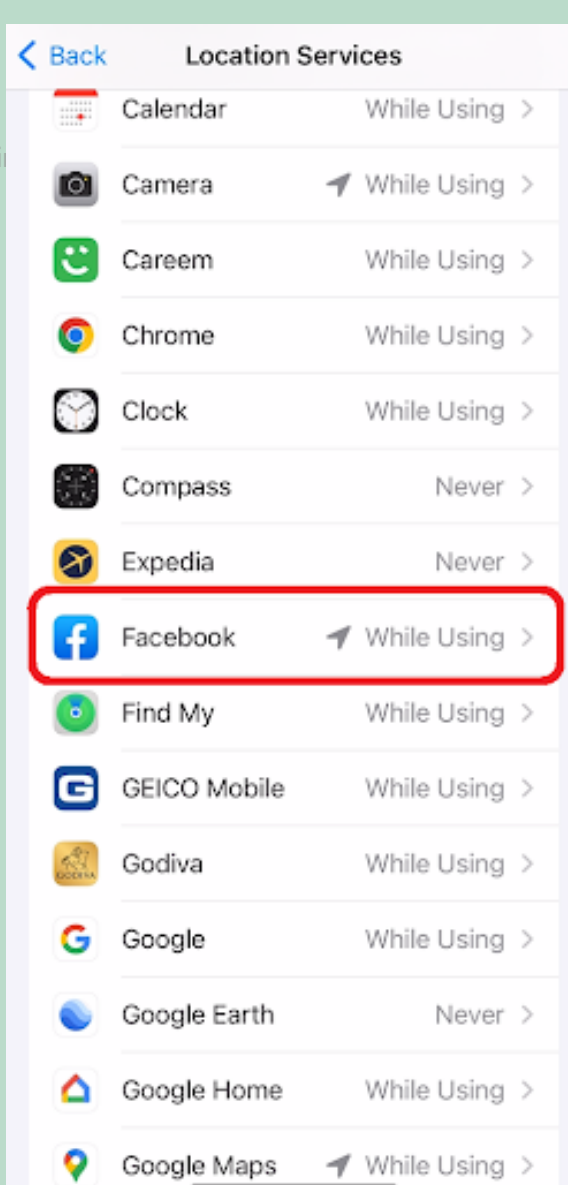

Step 3

Tap **Location Services**

Step 4

Scroll through the apps and select **Facebook**

Step 5

Select **Never**, **Ask Next Time or When I Share** or **While Using the App**

Final Note

If you need to use apps that require location permissions, such as Maps or ridesharing apps; you can give app permission **individually** by going through the same process outlined above
